

CPR / LVR SWITCH BOARD RESCUE

Our course delivers an introduction to basic electrical safety, identifying hazards and perform rescue from a LV panel plus CPR of any one who is suffering from electrocution/shocks.

We offer the course as a blended delivery of online theory (studied externally and self-paced) and face to face practical at one of our training facilities.

Units of competency:
HLTAID009 - Provide cardiopulmonary resuscitation.
UETDRMP007 - Perform rescue from a live Low Voltage panel.

Pre-requisites:
HLTAID001
